

HDL 2010 Workshop - Program at a Glance

	Start	Mon, May 17	Tues, May 18	Weds, May 19	Thurs, May 20	Start				
Morning	7:30		Breakfast	Breakfast	Breakfast	7:30	Morning			
	8:00		Welcome	Protective Actions of HDL	HDL Metabolism	8:00				
	8:30					8:30				
	8:35		Apolipoprotein and HDL Structure	ABCA1 and HDL in Other Disease States	Established and Novel Therapeutics Related to HDL	8:35				
	8:40					8:40				
	9:00					Break		Break	Break	9:00
	9:30									9:30
	9:40					ABCA1 Action and Regulation		The HDL Proteome	Established and Novel Therapeutics Related to HDL cont'd	9:40
	10:00									10:00
	10:15									10:15
	10:30									10:30
	10:40									10:40
	10:45									10:45
	10:50		10:50							
	11:00		11:00							
11:05	11:05									
11:10	11:10									
11:15	11:15									
11:25	11:25									
11:35	11:35									
Afternoon	12:00		Lunch	HDL, Inflammation, and Autoimmunity	Bagged Lunch	12:00	Afternoon			
	12:15					Group Photograph		Lunch	Lunch	12:15
	12:25									12:25
	12:30					Poster Viewing		Poster Viewing	Afternoon on Own	12:30
	12:55									12:55
	13:00									13:00
	13:05									13:05
	13:15									13:15
	13:30									13:30
	14:00									14:00
	14:30									14:30
	15:00									15:00
	15:30									15:30
	16:00					16:00				
	16:30					16:30				
16:45	16:45									
17:00	17:00									
Evening	17:10	Welcome Reception (19:30-22:00)	Dinner on own	Hosted Poster Session	Conference Banquet (18:30-22:30)	17:10	Evening			
	17:30					17:30				
	18:00					18:00				
	18:05					18:05				
	18:30					18:30				
19:00	19:00									
19:30	19:30									
20:00	20:00									
20:30	20:30									
			Dinner and After Dinner Debate: HDL is a better therapeutic target than LDL for the prevention of vascular disease			20:30
